The LEDWPFC Series is a rugged, durable LED wall pack that provides full cutoff (i.e., zero uplight and low glare at high angles). It is perfect for outdoor perimeter and area lighting, especially in settings required dark-sky compliance. With a die cast aluminum housing and a polycarbonate lens, the LEDWPFC Series will stand up to many years of punishing environmental conditions. High-efficiency, long-life LEDs provide both energy and maintenance cost savings compared to traditional, HID wall packs.

**FEATURES**
